

Duart Castle Tearoom

We pride ourselves on serving locally sourced island based produce where ever possible. We hope to tell the story of our island and its history through our menu.

A lot of the vegetables and salad on offer are grown in our very own walled garden which you can see through the windows. If you would like to know more about the origin of any of the food please ask a member of staff.

Please place your order and pay at the counter where you will also find a wonderful selection of home baking made here at Duart.

Allergy information available on request/Gluten free options available
